Billposters

In United States Will Donate
Space to Aid the Tuberculosis Fight.

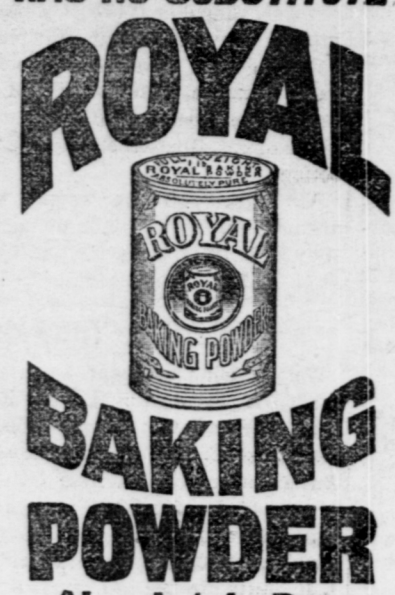

During the next three months, the billboards of the U. S., will display 20,000 educational posters on tuberculosis, according to an announcement made today by the National Association for the Study and Prevention of Tuberculosis.

This will conclude the campaign begun a year ago, when the National Billposters Association donated free space to the tuberculosis cause, the Poster Printers Association offered free printing and, nine paper manufacturers gave the paper for the posters. The combined value of these several donations for this three months campaign is nearly \$100,000.

The posters are in six different designs and are all printed in three colors. They are 7 feet wide and nine feet high. Already nearly 2,500 of these posters have been hung on the billboards of 46 different cities, and it is planned to distribute 20,000 more before April 1st, in over 400 towns and cities. Any anti-tuberculosis society in the United States may receive free of charge, except for transportation, as many of these posters as can be hung on the boards in its territory. The National Association with the Tuberculosis Committee of the National Billposters, and Distributors are conducting the campaign.

The posters show in graphic form how fresh air, good food, and rest cure tuberculosis.

Buried at Paris.

One of the bodies of the six men supposed to be in the ruins of the Chamber of Commerce building, which burned last week, was recovered several days ago in Cincinnati. It was that of Brent Marshall, vice president of the Early & Daniels Grain and provision Co. Mr. Marshall was related to the Brent and Alexander families, of Paris. A telegram received in Paris Monday morning by relatives announced that the body of Mr. Marshall would be brought to Paris Wednesday for burial in the Paris cemetery.

Hurt Pikes.

The heavy travel over the Lexington pike between this city and the Fayette line, of wagons loaded with tobacco, has certainly cut the road bed according to several residents along that route. On account of the soft going heavily loaded wagons can do a world of damage on a modern pike within a short time.

Won Premiums.

Mrs. Jere B. Noland and Mrs. T. H. Collins were successful exhibitors at the poultry show in Lexington last week. They are fanciers of the White Plymouth Rocks and their entries attracted much attention. Mr. Coleman Neff was another Richmond exhibitor, but on account of not having time to prepare his chickens for the show, they received honorable mention only. Mr. Neff immediately purchased the winning Cockerel in the White Plymouth Rock class at the show and will place it at the head of his pens this season.

Comforting Words

Many a Richmond Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Richmond readers.

Elbridge G. Evans, Depot St., Nicholasville, Ky., says: "From my experience with Doan's Kidney Pills, I can say that they are an excellent remedy and one that lives up to the claims made for it. I suffered from kidney trouble for some time. My back ached and I had a soreness across my kidneys that made it hard for me to get around. I also had a great deal of trouble from my bladder, the kidney secretions being too frequent in passage at times while at others there was a complete retention. Doan's Kidney Pills were finally brought to my attention and I began their use. They helped me from the first and I was cured."

The Famous Rayo

Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

READING THE FLASHES.

Lighthouses are Open Books to the Experienced Mariner.

Passengers are generally astonished when on a dark night they hear the ship's officer remark to another, "There's Egg rock" or "Crabtree ledge," or "Beaver Tail," as the case may be, naming some headland or shoal along the coast. The landlubber strains his eyes, and far away there appears from time to time a flash of light, red or white. As these flashes seem to the passenger exactly like those from hundreds of other lighthouses, he is astonished at the officer's assurance.

It is really a very easy matter to distinguish the American lighthouses and lightships, of which there are about 1,500 along the Atlantic and Gulf coasts if one is possessed of a copy of the code issued by the Lighthouse board. Every light is known by the fixed light, the duration of the flash, the length of the eclipse or the number of flashes shown in groups. No lightships within a hundred miles of each other are ever similar in the particulars. For instance, one guilford of the sea may flash a white light every fifteen seconds, never varying. While the next flash a red light every five seconds. The third may flash an alternate red and white flash, with intervals of ten seconds between the flashes, and so on. The audible fog signal, which is blown by a whistle between the blasts of the siren and the continuance of the blast.

Flashing lights are preferred to fixed lights for the reason that a fixed light might be confused with some other light on shore. Only white and red lights are considered desirable in lightships, since it has been found that the flashes of light of other colors cannot be seen at so great a distance. There is but one green light—a fixed one—on the Atlantic coast—Harper's Light.

HELPED BY A HAMMER.

A Little Business Incident to Which Hangs a Moral.

Two blocks apart in a certain street are two stationary stores. The owner of one has abundant capital, has a wide, roomy place with a large stock of goods well displayed. The store of the other is a dingy building, yet this dealer is getting most of the business.

The following incident may explain the reason. A woman who had just moved to the vicinity stopped in the larger store one evening to buy some picture nails, but was told that they were not sold there.

"Where can I buy them?" she asked politely.

"I don't know," said the proprietor. The woman went to the smaller store. This man had no picture nails either. "I have a box of old nails that I use myself," he explained. "Perhaps some of them might do."

The woman gratefully accepted his offer and found some that answered her purpose. She remembered then that she had no hammer. "I can lend you one," said the shopkeeper. "If you will bring it back in the morning." Ever since that time that woman has walked the extra blocks to patronize the obliging merchant. She has told her friends of the incident and influenced them to become customers.

The lesson taught by this insignificant incident is one that is only too often neglected. It pays a small tradesman to be obliging to every customer. Small favors bring large returns.—Chicago Tribune.

The Daily Courier-Journal At One-Half Price.

Through a special arrangement, this paper is enabled to offer the Daily Courier-Journal by mail, in combination, at a price just one-half the regular rates for the Courier-Journal. The price of the Daily Courier-Journal is 50 cents a month, \$6.00 a year. See the clubbing proposition in our advertising columns, and read about the bargain. This special offer is good only for subscription orders given us during the month of February. The offer will be withdrawn the first day of the month, and no order can be taken after that.

Under this offer, Courier-Journal will be sent to subscribers only through the post office, not through Courier-Journal agent. No Courier-Journal orders for a full year will be taken at this rate. Subscription must be for not less than four months or longer than eight months.

The tariff question in Congress and Mr. Watson's letters from Europe will make the Courier-Journal especially interesting for the next few months.

Is The Slogan With Lexington Tobacco Warehouses to Get Business.

Many people are unable to ferret out the mystery why it is so many crops of tobacco are taken from this county to Fayette to be sold on the breaks there, when the market here is equally as good. The fact is easily explained. Lexington is the best in Central Kentucky and is bringing the highest prices, are making a determined effort to secure all it possibly can from here by flooding the county with advertising matter. The Climax is one of the papers that has been for these houses. Every week thousands of post cards are sent into this county from the Lexington houses giving figures on Madison county crops, which have sold over the breaks there. To get business it is necessary to advertise and do it in a systematic way.

Madison county house leaf houses are just beginning to see what publicity means, and from now on will give their Lexington competitors a run for the money.

Mr. A. Corneillon, who sold a portion of his crop over the Lexington breaks several days ago, says that the prices here are from 50 cts. to \$1.50 more than in the Fayette capital. In company with Mr. B. B. Million he visited the Richmond Tobacco Warehouse Wednesday and was convinced that the market here is better. He will sell the remainder of his crop here and will make a big effort to have his neighbors do the same.

Compliments Him.

The Frankfort News has the following complimentary to Judge Benton: Judge Benton has kept the lawyers of the Franklin bar busy this week. He is outside of his office, he is doing his best to get the business of the court disposed of quickly. This is one of the advantages of having a regular judge act as special judge. Judge Benton is as fine a judge as can be found on the bench in Kentucky and has made the local bar sit up and take notice.

It Grows Hair

Here are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall 33 Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall 33 Hair Tonic acts scientifically, destroying the germs which are usually the cause of hair loss. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall 33 Hair Tonic and use it as directed. If it does not relieve scalp irritation, or remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c and \$1.00. Sold at H. L. Perry's drugstore.

The Right Way.

Patrons of the rural delivery would get their mail more promptly if they would give their address in the manner by which it can be understood by the carriers. There has been some confusion in the delivery of mail in this county, and in order to do away with the delay the following form should be used: John Smith, R. R. No. 4, Box 40, Richmond, Ky. If addressed in this manner it will insure prompt delivery.

Order For Election.

Madison County Court January Term Jan. 2nd, 1911. Court met & C.

Hon. W. R. Shackelford Judge presiding John A. Mershon and 405 others On Petition vs. order.

It appearing to the court that the written petition filed herein was and is signed by a number of legal voters of the city of Richmond, Ky., viz. 376 legal voters equal to and in excess of 25 per cent of the number of votes cast at the last election, and that the same has been heretofore in this case ordered and adjudged, came the voters on this next regular term of this Court after the filing of their petition on July County Court day for this county, and deposited with the Judge of said election, which said sum of money the amount fixed by the said court as sufficient to pay for posting and printing advertisements as provided for in local option elections, for the fees of the clerk of this court and for his services herein, and for necessary expenses of special registration and the holding of said election, which said sum of money the said County Judge accepted and now accepts as full and complete compliance with the statute in such cases made and provided and it further appearing to the court that all legal steps necessary to have a vote in the city of Richmond, Ky., on the proposition whether or not to spirituous vinous, malt or other intoxicating liquors shall be sold, bartered or loaned in said city, and it further appearing that the petitioners and the defendant are willing and have agreed, subject to the approval of the court, that the election herein be called for March the 3rd, 1911, it is now accordingly ordered and adjudged that the sheriff of Madison County Ky., open a poll at each and all voting places in said city on Friday, March the 3rd, 1911, for the purpose of taking the sense of the legal voters of said city, who are qualified to vote at elections for county officers upon the proposition whether or not spirituous, vinous or malt liquors or other intoxicating liquors shall be sold, bartered or loaned in said city.

It is further ordered that a special registration in and for the city of Richmond, Ky., be held on Friday, February the 17th, 1911, for the purpose of enabling those persons entitled to vote in the aforesaid election whose names have not been recorded, on the registration book at the election last preceding the said March the 3rd, 1911, to register and to enable those persons who have removed from their precincts to another precinct in the city, to have their registration cancel in their old and to register anew in their proper precincts and for all other purposes allowed by law. The Sheriff of Madison county will advertise this special registration and this election, as he is by law required to do, and he will open the proper voting places in each of the said precincts of the said city and cause the said registration and election to be held by duly appointed and qualified election officers in said voting precincts as far as his duty goes and in the manner and form required by law.

Free Sample Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic troubles, constipation, but from indigestion, headache, belching, sour stomach, nervousness, aching and similar annoyances. It is first of all necessary to keep the bowels open and then to tone the digestive muscles so as to get them to again do their work naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work.

After you have got through experimenting with salts and pills and waters of various kinds, and have become convinced that they do only temporary good at best, then try F. C. Caldwell's Serravallo's Tonic. It is a mild, pleasant-tasting laxative tonic that is especially adapted to the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, if he has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents and he will gladly send you a sample bottle free of charge.

It remedies promptly displacing all other forms of medication for the cure of the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in a day. For the free sample simply send your name and address on a postal card or otherwise. For further request the doctor's address is Dr. F. C. Caldwell, 1135 Caldwell building, Monticello, Ill.

Items of Interest from Supt. Noland's Office and the County in General

There is not much of anything doing right now in Supt. Noland's office. Several contracts will be let in the early spring for repairing buildings, and there will be some vacancies to fill in the different Educational Divisions, but for the next sixty days everything will quiet.

A large number of applicants from Madison will enter the Normal this year. There is plenty of places for all those desiring to fit themselves for teaching, although each county is limited to a certain number of appointments. Applications should be made at once to Supt. Noland.

The check for the fifth month to the teachers has arrived and each has received their share. The next and last payment will be made the second Saturday in February. The check this time amounted to about \$4,800. According to the law, two monthly payments are made after the close of school, while the first one is made in October, although the term begin in August.

Heavy Fine.

In the Police Court yesterday morning Judge Greenleaf assessed a fine of \$60 in one case and \$100 and 40 days in jail in another against Garfield Tevis, of color, charged with selling liquor unlawfully. Several other warrants have been issued for offenders. Detective Simmons, of Danville, has been assisting the local officers and has quietly worked up several cases against unlawful dealers in Richmond.

Notice of Dissolution of Corporation.

Notice is hereby given that the Richmond Steam Laundry (Incorporated) has made a deed of assignment to the undersigned, and also by consent in writing of the owners a majority of its shares of stock, agreed to close its business and wind up its affairs and the undersigned has been duly appointed Liquidating Agent. All debts and demands against the said corporation must be presented to me within 30 days or same will be barred.

Fish Trial.

Next Monday a Nicholasville Judge Benton will be in session to try one of the most noted trials in the history of the state, *Grave Fish* for the killing of his father-in-law, Samuel Welch, at Berea last spring. The defendant was granted a change of venue to the Jessamine court and Judge Benton announced a special term, which will begin next Monday. Over a hundred witnesses have been summoned and both sides will have the services of the best legal talent in the state.

J. V. Logan

Former Madison County Boy Gets a Big Slice of Money From Carnegie.

Many people shrink from publicity at a time when it will bring them rich rewards, and Rev. J. V. Logan, formerly of this city, now of Middlesboro, is one of the few to reap a reward, chiefly through the publicity given his display of heroism.

In July of last year Rev. Logan, who was at that time pastor of the Presbyterian church at Somerset, was on a camping party and by his quick action, a young man was saved from drowning in Pittman Creek. The Somerset Times used it as a leading news item and the other side, which he claims will undoubtedly meet the approval of all and thus control the situation. "My proposition," said he, is for the Burley Tobacco Union to go ahead with its cut-out plan and pledge what growers it can to that policy. Of course, there are many, as I see from the reports from some counties, who do not approve of the no-crop movement. They want to and will raise tobacco. These growers must be protected and my plan is, if they insist on raising tobacco, to pool their 1911 crop and agree to cut out the crop in 1912. Thus you see this course will diminish the average, raise the price of the tobacco on hand and benefit the growers all around."

Thru the newspapers "Uncle Andy" Carnegie got hold of it and shortly afterwards had his agents to make investigations at Somerset, with the result that the popular minister has just received notice that for his bravery the Carnegie Hero Fund Commission has awarded him a medal and \$2,000 to be used as needed for the education of his children.

Rev. Mr. Logan is a son of the late Dr. J. V. Logan, formerly of this city, where for many years he was a member of the faculty of Central University. Mrs. J. V. Logan was Miss Jessie Taylor, of this city, a sister of Dr. T. J. Taylor. He was pastor of the Somerset church for two years, but last September accepted a call to the Middlesboro church.

He's Responsible.

Some months ago Gov. A. E. Wilson issued a pardon to Dick Bentley, who was serving a life sentence in the penitentiary under the habitual criminal act. Last week he was captured at Lawrenceburg, charged with attempting to assault a lady. It was necessary to spirit him to Louisville to prevent a mob from lynching him. This probably helped rile the people at Shelbyville and the lynching there followed. Governor Wilson should not turn these habitual criminals upon the people—Danville Advocate.

Ready for Work.

Ex-Mayor Clarence E. Woods, who was recently appointed Inspector of Weights and Measures for Madison county by the Fiscal court, has gone to Louisville to purchase an outfit. It will cost not more than \$150. He will begin his new duties on the first of February and every set of scales and measures will be inspected carefully. In Louisville last week a warrant was procured for a prominent firm charging immense shortage in weights. Mr. Woods will have a long conference with the Inspector of Weights and Measures for the Falls City, with a view to a complete knowledge of the fine points of the position.

Bids For Pike Work.

Notice is hereby given that W. R. Shackelford, County Judge, as directed by the Fiscal Court, will receive at his office up to and including February 26th, at 5 p. m., sealed written proposals or capped stone, slate and gravel of approved quality and size to be spread upon the various sections of turnpikes in Madison county, with sufficient dirt to hold same in place, for the year 1911. Bids to be made by the road spread on pike at times and places to be designated by Road Supervisor. Amount not to exceed appropriation hereafter to be made. Also ditching by the road. Contracts to be made with successful bidders with approved security. Contracts to be let to lowest and best bidder. The Court reserves the right to reject any and all bids.

Good Plan.

President Froman, of the Kentucky branch of the American Society of Equity, has a plan to unite the "no cropers" and those who are on the other side, which he claims will undoubtedly meet the approval of all and thus control the situation. "My proposition," said he, is for the Burley Tobacco Union to go ahead with its cut-out plan and pledge what growers it can to that policy. Of course, there are many, as I see from the reports from some counties, who do not approve of the no-crop movement. They want to and will raise tobacco. These growers must be protected and my plan is, if they insist on raising tobacco, to pool their 1911 crop and agree to cut out the crop in 1912. Thus you see this course will diminish the average, raise the price of the tobacco on hand and benefit the growers all around."

Big Mass Meeting.

"Wanted—A Man" is the subject of an address to be delivered by E. H. Raynor, Asst. Sec'y. of Y. M. C. A., Lexington, at the Second Christian church, Sunday, January 29 at 2:30 o'clock. The meeting will be held under the auspices of the Loyal Men's Class of the Second Christian church, and is of vital interest to every man in Richmond. There will be good music, good fellowship and a stirring message direct to men, and every man from 16 years old and upward is cordially invited to attend. No admission fee will be charged, but an offering will be taken to defray the expenses of the meeting. Song by the Audience.....America Devotion.....Rev. Grutehfield Solo.....The Peerless Quartette Opening Address.....Rev. Barnes Address.....Rev. Dr. E. H. Raynor Accompanist.....Dr. J. G. Crabbe Adjourn

Tough Luck.

Supt. John Noland is sure in tough luck. While eating oysters a few days ago his teeth struck something very hard and a hurried examination found a pearl, which had been robbed of its value by the heat in preparing the oysters. It was almost a perfect specimen and if discovered before the oysters had been cooked it would probably have commanded fifty dollars. Mr. Noland is showing it to his friends in relating his misfortune, tho it is worthless now.

Green Clay

Comes Out With a New View Of The "Cut Out" Question.

Mr. Green Clay, one of Madison county's prominent young farmers, who has studied the tobacco situation carefully, is of the opinion that the cut out is not the thing for the growers to do. Mr. Clay has some strong points in defense of his stand on the question and the following is given out by him in an interview with a representative of the Climax:

"If we are to settle by vote, or signed pledges whether or not Burley District farmers will grow tobacco in 1911 let us be fair and square about it. The first question that will arise in the mind of the doubter—and there will be plenty of them—will be, has a majority signed its desire to 'cut out' this year's crop?"

"Let the people know just how many landowners or controllers there are in each county."

"Let them know how many of these have been bonafide growers of tobacco. Let them know just what proportion of these bona fide growers in the past have signed these 'cut out' pledges."

"Let them know if all the signers of the pledges are landowners or controllers, and what proportion, if any, are merely former tenants."

"Deduct the total number of signers among the bona fide land owner-controller, who have been bona fide growers of tobacco, from the total number of past growers in each county and we will know if a majority is in favor of a 'cut out.' Let's be open and above-board about it and there will be no trouble or cause to complain."

Woods Again.

Ex-Mayor Clarence Woods, whose timely advice on just how to handle the tobacco question, has been followed with better results than perhaps most any other one person in the country, is quoted in the Lexington Leader of last Friday in a very strong card to the officers and newspapers of the Fayette capital. It says in part: "The importance of educating the gambler from Lexington is doubly great, on account of the temptation afforded to the university students—and I know whereof I speak! Sons of poor parents are entrusted to your city, often to be ruined in your saloons, gambling halls and brothels—with an organized and paid constabulary well aware of these rotten conditions that have culminated in Lexington being rated first among American cities in certain forms of crime."

Think of it citizens! Your city first in crime! Councilman Owsley, Judge Parker, Colonel Allen, the Leader and Herald, here's looking to you to do your whole duty. "Thrice armed is he who hath his quarrel just." Clean them out. Send them to Richmond and our model Chief Alliman will take care of them."

Yours respectfully,
Clarence E. Woods, ex-Mayor.

By Dr. Marshall.

The January number of "The Book Herald" published at Boston, contains the first of a series of articles on "The Psycho-Metaphysical Meaning of Truth" by Dr. Marshall, pastor of the Richmond Baptist church. The deep thought involved in this subject is one of which the brainiest subjects of the last decade have written about. To the average reader, it is a little too much for comprehension, until read over and over and studied with careful reasoning. In his writings and expressions on this subject the minister has set out some rich food for thought for the lovers of mental philosophy.

Rader Caught.

Henry Rader, of Estill county, whom the officers claim has been eluding their careful vigil for many months, was captured Wednesday by Marshal Billy Mays brought here from Irvine and lodged in Jail. He is charged with violating the internal revenue laws. The officers have been looking for Rader for some time and Mays slipped up on him while the fox was squirrel hunting.

New Book.

Manager Floyd, of the local exchange of the Telephone Company, is sending out new books to all subscribers, and the new directory shows an increase of nearly one hundred names. No increase in the number of subscribers, but the switchboard, just the same sweet boy of girls, whose efficient service is par excellence, which aids the company wonderfully.

Lucky For Adams.

Mr. Curt Adams the physical culture expert, had the misfortune to lose a purse from his pocket last Friday containing about \$40. Fortunately it was picked up by Mr. Charles Cullen and in a short time delivered to the owner. At first Mr. Cullen passed over it, thinking it a piece of waste paper but some animating power from some bade him retrance his steps and he did so. Mr. Adams card was in the small leather wallet.

Surgeon Out.

The January number of the Railway Surgeon is just off the press of the Climax job printing department and it is a handsome edition. Dr. C. H. Vaughn, the editor-in-chief, secured for this number many valuable papers from the leading surgeons of the United States on topics of vital interest to the profession. Vaughn's own contributions to the editorial columns, which generally feature the editions. As it is the only publication of its character in the south and west, it is growing rapidly.

High Moguls Here.

Within the next few days, probably next week, a delegation of high moguls of the Pennsylvania railroad are coming to Richmond and will be met here by Mr. Hale Dean, of the Ohio Valley T. Co. company, who will accompany them to Irvine. The party representing the big road will then show how the ties are taken from the rich Kentucky forests cut into proper lengths, hewn and prepared for the market. Mr. Dean will show them over his yards at Beattyville and Irvine. They have never witnessed the getting out of ties. Mr. Dean has just completed a shipment to the Pennsylvania and New York Central lines of 10,000 ties purchased in Lee, Clark, Laurel, Estill and Jackson for which he paid an average of 50 cents per tie. Thus it can be seen what an immense amount of money this company has paid to the people of these counties the past year.

Farm Transfers.

The following transfers of land have been made the past week: J. C. Oldham to G. W. Todd, 100 acres near Beattyville for \$4,720; Collins Coy. to T. S. Hagan 155 acres on Lancaster pike for \$10,800; Ichabod Moberley to T. G. Moberley, 64 acres near Brassfield 8800; W. N. Forbes to N. A. Bailey, 44 acres near Valley View \$3,000; Berea Real Estate Co. to Anita Porter, 14 acres \$1,000; same to Nannie Todd, 56 acres \$1,000; George Todd to W. A. Todd, 54 acres near Berea, 32,000; Malcolm Olds to Enis Lanter, 39 acres near Doyleville for \$300; Enis Lanter to T. O. Parker, 12 acres near Doyleville for \$100; Nannie P. Embury to Noe Hendricks, 261 acres near Silver Creek (Joe Embury farm) for \$20,850; H. J. Fletcher to J. D. Ray, 12 acres near Valley View \$500; W. D. Durham to W. C. Griggs, 50 acres near Union \$600; Thomas Barnes heirs to James Pearson, 12 acres near Richmond \$1,120.30.

Ballew-Tribble.

Surrounded by their children and grandchildren, crowned with the honors of a long and useful life and enjoying the still youthful vigor of their seventy something years, Elder and Mrs. Andrew Jefferson Tribble on last Saturday passed the Golden milestone of their married life. It was a day of much happiness and rejoicing, although one of the most inclement of the season, for the large number of guests and the wide family connection that came from far and near to extend their well wishes and hearty congratulations for many more years of happiness for Mr. and Mrs. Tribble. The fact that the bride and groom of fifty years, as well as every child and grand child present, were in gala spirits and perfect health, alone made the occasion a most notable one. Everything seemed to be just right to add all the more harmony to the celebration. The anniversary date of the wedding was the 22nd, but on account of falling on Sunday in this year, it was decided sometime ago to celebrate the occasion on Saturday the 21st. On January 22nd, 1861 at the home of the bride in this county, about six miles from Richmond a notable wedding took place, the young couple being Miss Miuerra Martia Ballew and Mr. Andrew Jefferson Tribble. In those days there were no honeymoons, where the bride and groom visited the great places of interest in this country, for the railroads were scarce. The bride generally rode horseback along side of the groom for a honeymoon of a few days spent among relatives in the immediate section. The wedding day of this aged couple was the beginning of a life which has been filled with happiness and little sorrow. For fifty years they have trod the paths, met the vicissitudes of life with that courage of conviction that made "two souls with but a single thought, two hearts that beat as one."

Officiating at the wedding of this young couple fifty years ago, was Rev. Edmund Barnum, who was then a young minister, full of great promise. He is still hale and hearty, and although now living several hundred miles away, hastened to be present at this celebration Saturday, and to recall the happy event that took place at the Ballew home fifty years ago. He has labored in the ministry of the Gospel all these years and his good works among men stand out as a shining light to those who would emulate his splendid character. Likewise this grand old couple, whose lives have been spent in helping those who needed help and administering unto those who sought their aid.

Mrs. Sallie Rayburn, of this city, was present at the Ballew-Tribble nuptials, in '61 and she is the only surviving attendant besides Rev. Barnum. It was a happy occasion for these four to be together and recall the event. About one hundred and twenty-five guests responded to the invitation, and many were kept away on account of the wretched weather. In the receiving line were Mr. and Mrs. Tribble, Mrs. Rayburn, their daughter, Mrs. Chas. Clay, and Mr. Clay with their two children, and Mr. T. J. Tribble and Mr. Arch Francis. It took a large table to accommodate the gifts in gold, and other handsome remembrances that were showered upon Mr. and Mrs. Tribble. They were many and costly and came mostly from those who had known them for many years. An elegant spread was served, this part of the occasion being looked after by Mrs. James Deatherage, Mrs. W. B. Craven, Misses Maud Baily and Margaret Phelps assisted by Misses Bessie Turley, Cary Rice and Dorcas Francis. Everything was done by friends and relatives to make this one of the most enjoyable occasions in the lives of Mr. and Mrs. Tribble. Mrs. Tribble is a daughter of the late George Ballew, of this county, a family with wide connection in the state, as well as her good husband who comes of sturdy pioneer stock. These children blessed this union, two of whom are now living, Mrs. Charles Clay of College Hill, and Mr. Thomas Tribble of this county.

DEATHS.

The Kansas City Star says: "Daniel K. Bogle, 65 years old, 2626 East Eighth street, died at 7 o'clock last night, after an illness of several years. He was born in Madison county, in 1845 and moved to Clay county in 1868. He had lived in Kansas City since 1904. He is survived by a widow and three children. The funeral will be tomorrow at the home. Burial will be in Elmwood cemetery."

Mr. Bogle will be remembered by some of the older residents of the Kirksville section.

Going Down.

Produce is on the decline, and the local commission houses are at a standstill. Eggs at 20 cts is the market, a falling off of ten cts. from last year. Chickens, butter and all other country produce is correspondingly low. Gotti Bros. shipped two car loads the last two weeks, which were purchased at high figures and they will lose quite a sum on eggs alone. The lides market is exceedingly dull, on account of the eastern tanneries shutting down and ginseng that sold for \$6 per pound last year, is now bringing \$4. The scrap iron market is clear off, worst in years.

If Your Child Is Sick

Be sure that you give it instant relief, and be sure that the remedy you offer is pure and harmless. We recommend our cough syrup. Children like it, it is easy to take and pleasant. And what is still more important, it relieves the child's system of the accumulations which make colds and coughs possible—cold and cough microbes simply can't stay around after this remedy gets at them.

KENTUCKY

Great Soil.

The Lexington Leader re-
ports J. W. Winter, the Illi-
nois corn expert, who judged
the exhibits at the Kentucky
Corn Show, as saying, that he
does not doubt that when the
Kentucky farmers have
raised corn as long as it has
been raised in Illinois, the
quality of corn to the acre in
Kentucky will far exceed the
production of Illinois, or any
other state. He gave as his
reason that the Kentucky soil
if properly treated, and with
the right kind of seed corn,
will produce larger yields
than the soil of any other
State in the union. He said,
however, that the Kentucky
farmers have not until recent-
ly taken enough interest in
corn raising, to start about
making the necessary ar-
rangements to secure a larger
and better yield to the acre.
Mr. Winter also said that the
corn on exhibition is equally
as good as most of the corn
exhibited at the State corn
shows of the great corn-pro-
ducing States.

Monday was the Court day
in Danville and a very large
crowd was in the city. The
sales of horses and mules
were numerous and all
brought fair prices. One two-
year-old mule brought \$185.00
The most noticeable feature,
however, was the great num-
ber of loads of tobacco, which
seemed to be coming from
every direction; Casey, Gar-
rard, Mercer, Lincoln, Boyle
and Anderson county farmers
being noticed on the breaks.
There is a great rush at all
the tobacco houses and some
could hardly be found for the
tobacco and horses.—Dan-
ville Adv.

Because the dates allotted
to it are not satisfactory the

to begin its meeting on Oct.
3rd, as in former years.

has received the following let-
ter from a negro boy, Elza
Broadus, of this city, who
was jailed several days ago on
a charge of stealing coal from
the railroad. In the following
letter he pleads for a quick
trial, instead of waiting until
the next term of court:

Richmond, Ky.,
Jan. 11th, 1911.

Mr. Judge Benton Dear Sir they ar-
rested me on a charge of stealing three
little blocks of coal in Police Court and
laid me over to grand jury. Can
give bond will you let Judge Shackford
try me so I can be puting up my fine.
God will Bless you. I will do the same.

last week says: Frankfort
will remain in the Bluegrass
Baseball League during the
season of 1911 if the plans set
in motion at a meeting of fans
here last night materialize.
A committee was appointed to
collect a fund of \$3,000 to
guarantee the club against
financial loss this season. It
is believed the amount will be
raised this week. If this fund
is raised A. L. Coleman, of
this city, will assume full con-
trol of the club and manage it
as a patriotic fan.

Follow the crowds with their tobacco
and you will land at the Madison ware-
house, near L. & A. depot.

Many sheep raisers thruout the county
report the appearance of a number of
lamb. Mr. Joe Wagers secured seven
from four ewes, the first of his flock to
produce. A good crop of lambs is look-
ed for this spring, as there is a big sup-
ply of sheep in the county.

The Governor.

Offers for Apprehension of
Members of Shelbyville
Mob.

The following reward has
been issued by Gov. Willson
for the arrest and conviction
of each member of the mob,
which took the negroes from
the jail at Shelbyville several
nights ago and killed two, the
other escaping. The Gov.
says:

"A reward of \$500 for each
person is hereby offered by
the Governor for the Com-
monwealth of Kentucky for
the apprehension and convic-
tion of each and every one of
the persons who combined or
confederated together in the
attack which was made upon
the jail of Shelby county on
the night of Saturday Jan.
14, and Sunday, January 15,
1911, at Shelbyville, in Shel-
by county, and who combined
and confederated together to
murder and did murder Wade
Patterson and Gene Marshall
and take out of jail a third
prisoner, West.

"This reward is to be good
for the apprehension and con-
viction of either or any of the
men guilty of said attack up-
on the jail, and said murder
of said prisoners, and it is
good for any apprehension
within six months from date
hereof, which results in con-
viction. This reward is of-
fered under section 1241-a
sub-section 5, Kentucky
Statutes, and upon the re-
quest of the County Judge.

Augustus E. Willson,
Governor of Kentucky.

The wise man carries both life and
fire insurance. Dan H. Breck has

Bad Year.

According to many of the older resi-
dents and County Road Commissioner,
John W. Shearer, this has been the
worst year on the pikes of the county
in a quarter of a century. It will take
a great deal of hard work to restore
to the condition that they were in
in the early fall. Mr. Shearer says the
heavy travel this winter has been chief-
ly responsible, as hundreds of loaded
tobacco wagons have been driven over
every section of the county, and have
cut deep in to the road bed. The com-
missioner with his assistants are look-
ing after suitable quarries along the
roads of the county and have so far lo-
cated ten, which will very likely be se-
cured by the county. Three of these
are on the Barrow Mill road, three on
the Big Hill pike and four on the
Speedwell pike.
